*Presents an Advanced Mediumship Workshop with
Welsh mediums Paul & Deborah Rees*

Communication in the 21st Century

Three vital ingredients needed for the working Medium:

Aiming at the more advanced student, we will be concentrating on adding speed to your demonstrating which will enable Spirit to pass on more information in less time, and so strengthening your links.

We will be working to keep your demonstrations interesting by exploring double links, and mixed messages (working with more than one recipient at a time).

Throughout this course we will be spending time focusing on your psychic faculty as well as your mediumistic ability when working on your *one to one* private sittings, as more and more guidance is being requested by clients due to these unpredictable and uncertain times. We will teach you how to work in less than perfect surroundings, how to hold your link when being distracted, strengthening your confidence and ability, thus enabling you to take your services wherever the demand.
